Washburn-K. U. Contest Ended Without a Score.

Game Was Largely Taken Up With Foolish Wrangling.

CRIMSON DID BABY ACT

Blue Compelled to Concede Everything to Lawrence

To Prevent Outland's Men From Pouting From Field.

Splendid Crowd Present, Most Enthusiastic and Patient.

Without a victory for either side the Jayhawkers from Mount Oread and the Sons of Ichabed left the Washburn gridiron Saturday without a score. During two hours and a half of playing and wrangling the team of Kansas universi-ty found it impossible for them to win even after Washburn had conceded to them all they had asked.

The crowd that witnessed the game occupied every inch of space in the grand stand and the carriage space was filled. Few crowds at football games in Topeka have been as large. The crowd was intensely interested and every play brought forth the cheers of Washburn or the long, bellowing chorus of the Jayhawkers. The college band played a tune which was supposed to inspire the blue. Numerous trap and tally-ho loads of 'varsity men were supposed to cheer their favorite team to victory and neither side succeeded. K. U, was chafing under the memory of the two defeats administered by Washburn last year and Washburn was anxious to add another scalp lock to her victorious belt, but both side will wait a year before the score is settled.

The game was intensely interesting to

the crowd except the fussing. The old time K. U. spirit of wrangling and claiming everything in sight when there is any likelihood of defeat was maniis any likelihood of defeat was mani-fest. The Lawrence men named Myron White as their official. He started in as umpire. White played with Wash-burn last year and this team went to the university. He played in the Kirks-ville game a week ago under the name of Dodds and for that Coach Outland and Manager Foster were called up on the carpet at K. U. So, for that if noth-ing else, it was with bad taste that White was named for an official.

The first dispute in the game came when K. U. had the ball well in the Washburn territory. Page gave Washburn the ball on the ground that the K. U. backs started ahead of the play, Washburn took the ball and with a series of end runs by Mehl, Cave, Anderson and Gill the ball went sure and suddenly down the field to the K. U. 20 yard line. Washburn had played the crimson off its feet and carried the ball in a series of brilliant plays for 15 yards and was going straight over the goal at that rate for a touch down. On the next play with the ball in the hands of Mehl the K. U. players found their chance to object. Mehl made a gain and Nofsinger knocked the ball from his hands and secured it.

Referee Page decided that the ball bad been fumbled after he had blown his whistle for down. Then K. U. started the wrangle which lasted over half an hour. The crimson was ready to leave the field. The university de-manded that they be given the ball and that their official, White, the man who violated the presidents' agreement at Kirksville and then denied it, be put in as referee. K. U. would not continue the game under any other conditions. Captain Gill and the Washburn play-

order that the game might proceed.
White went in as referve and Page as umpire. The attitude of the K. U. team gave out the impression that White was there for the purpose of aiding the K. U. team in the rulings and decisions.

I awrence, Oct. 21.—The football game here Saturday between the Topeka High school eleven and the home high school eleven

The kick off was at 3:40 and Gill, for Washburn, sent the ball far down the field. Then commenced the anxious moments for the rooters. It was soon seen that the K. U. team was the heaviest and that Washburn could not with-stand the heavy batterings at center. The K. U. team also found that Wash-burn had a pair of ends hard to equal and that end runs were not safe. When Washburn got the ball she found that the gains through the K. U. line were few and short but that the ends could be run by the fast Washburn backs with little difficulty.

Washburn soon had the ball far down the field and then K. U. in sixteen plays carried the ball to the Washburn 15-yard line, and the first dispute arose when Referee Page gave the ball to Washburn because of the off side plays and the fact that the K. U. backs started ahead of the ball

plays and the fact that the K. U. backs started ahead of the ball.

Washburn then gave the exciting exhibition of the game. Gill, Anderson, Cave and Mehl were sent around the ends for repeated large gains. K. U. was played off her feet and could not recover. Tom Cave and Mehl were giving the crimson an exhibition of sprinting that took the breath away from Captain Jenkinson and his men. There was no doubt but that Washburn was going over the line unless K. U. was going over the line unless K. U. could make a decided rally. The rally was not coming, so when the chance came for the K. U. team to wrangie

of the Kansas university team, K. U.-Washburn game Saturday enough to disgust any football

enthusiast.

Outland played with the University of Pennsylvania and was counted a star. He was picked by Walter Camp on the all-American football team Tor 1889, and now receives \$1,000 for ten weeks' work at K. U. as coach. Such a man certainly understands the rules of football thoroughly enough to know that a coach never has the right to cross the side lines of the gridiron and to be upon the field or to converse or argue with the players or the officials. In Saturday's game Outland repeatedly ran upon the field and expostulated with the players of the opposing team and argued with the officials. At one time he and Captain Jenkinson while on the field called Umpire White, their man who played under an assumed name at Kirksville, to one side and talked with him. Outland may be a star player, perhaps he is an excellent coach, although that has not been determined, but he certainly disgusts everyone by his repeated violation of the rules. Outland played with the University

Beat Kirksville Osteopaths 36 to 5 in a Slashing Game.

Kirksville, Mo., Oct. 21.—The Haskell Indians defeated the Osteopaths Satur-day afternoon. Score, 36 to 5. The Os-teopaths, in spite of the great odds against them in weight, won the distinction of scoring the only touchdown that has been made against the Indians this season. The Indians' line was 20 pounds heavier to the man. The game was clean throughout, and the visitors had none but words of praise for the had none but words of praise for the local management for its treatment of them, Miguel, the Indians' fullback, was sent over the Osteopaths' line for every one of the touchdowns, with the excep-tion of one, which was made by Cap-tain Archiquette, who got the ball on a fumble of Davis and sprinted down the field for 40 yards with every man on Osteopaths' team at his beels, but un-able to overtake the fleet-footed Onelda. able to overtake the fleet-footed Oneida. The Osteopaths scored in the first half shortly before its close. Kirksville had kicked off and Carl, of the Indians, blocked the kick, the ball bounding back and a Kirksville man falling on it. Kirksville then, by phenomenal plays through the center and the tackles and mands made steady mains and Crain. through the center and the tackies and guards, made steady gains and Craig was put over the last five yards for the touchdown. Crowley missed goal. A number of accidents occurred, necessitating changes in both lines. Cleary. Kirksville's left guard, was hurt in a scrimmage and Miller succeeded him. Johnson was taken out of Kirksville's line because of poor tackling and fumline because of poor tackling and fum-bling and Reese was put in playing a star game behind the line, Captain Vanstar game behind the line, Captain Van-dorn playing at quarterback. Of the Indians, Dugan fell on his left arm after a tackle and splintered one of the bones at the elbow joint. Dubois sprain-ed his left foot in the first half and re-tired at its close. Haas and Toma-hawk went it. Bain, formerly of the Carlisle team, made the greatest gains for the Indians, and was a host in himfor the Indians, and was a host in himself. The Indians scored three touch-downs in each half and Fallis never missed kicking the goal. MANNING'S NEW MEN.

Secures Four of the Best Players in

National League.

Washington Oct. 21.—"Jimmy" Manning, manager of the Senators, who formerly managed the Kansas City ball team, has just secured for his Washington club four of the best players in the National league. According to a dispatch from Philadelphia, Outfielder Delehanty, Third Baseman Wolverton and Pitchers Orth and Townsend have affixed their names to Washington contracts. These players have been as good as signed for some time. The fact that Manning was after them became known about the middle of the season just closed. All four players accepted advance money from Manning and the Washington manager felt tolerably sure of his game from the first dicker. Manning is now in Philadelphia. Delehanty, who will captain the Senators, will draw a \$1,000 salary, \$1,000 having been advanced: Wolverton and Orth \$2,000 each, with \$500 advance, and Townsend, \$2,000 each, with \$500 advance, and Townsend, \$2,000. Great Hammer Throwing.

Great Hammer Throwing.

New York Oct. 21.—John Flanagan, the champlon hammer thrower, in his efforts for championship honors at the track and field games of the Greater New York Athletic association, made a new world's record in throwing the 55-pound weight a distance of 35 feet 1% inches. The best previous record was 35 feet 10 inches, held by J. S. Mitchell. By winning this event Flanagan now holds all heavyweight athletic records, with one exception, and that is throwing the 55-pound weight for height—a task at which Mitchell seems to be capable of beating any other aspirant to championship honors.

LUTHERAN SYNOD ADJOURNS. Candidates Ordained as Ministers-To Meet at Salina Next.

Wellington, Oct. 21.—At the closing session of the Lutheran synod here last night, J. M. Herbst, of Effingham, Kan., and William S. Livers, pastor-elect at Perth, were ordained to the gospel ministry and Rev. E. Von Nussbaum, recently pastor of the Congregational church at Glasgow, was received into the synod from that denomination. The ordination sermon was preached by Rev. F. D. Altman, D. D., president of the Western Theological seminary at Atchison. The synod will hold its next meeting with the church in Salina.

The matter of church intrusion occupied the attention of the Lutheran synod Saturday. The report of Rev. H. L. Yarger, western secretary, showed that the permanent fund of the board had been increased to \$35,000 during the year, and 186 churches have been aided to secure houses of worship.

Rev. Dr. F. D. Altman, president of the Western Theological seminary at Atchison, made a strong plea for the raising of the state's apportionment in aid of the seminary and Midland college. Saturday night, Rev. Dr. Holmes Dysinger, pastor of the First Lutheran church, Kansas City, delivered an address on "Education." Wellington, Oct. 21.-At the closing

Nelson's Fast Record.

New York, Oct. 21.—"Joe" Nelson made a remarkable showing for the boy still in his teens at the Valisburg cycve track Sunday. He not only defeated his opponent easily in a fifteen mile motor paced race, but created new world's amateur record for every one of the miles excepting the fourth and fifth. George Leander of Chicago made the four and five mile records at Indianapolis September 28 last. Fulton, Nelson's opponent, took the lead at the start, but Nelson guickly overhauled him and led at the end of the first mile by fully three lengths. At five miles Nelson lapped Fulton and repeated this in the fifth, ninth and thirteenth miles, eventually winning by three and a half laps, or within a furlong of a mile. Nelson's time for the distance was 24:56 2-5.

SOUTHERN PROTEST

Is Strong Against President's Obliteration of the Color Line.

Washington, Oct 21—President Roosevelt's action in inviting Booker T. Washington, the colored educator, to dinner in the White House appears to have lost him a large part of the support he had gained by his broad-mindedness in the matter of appointments. From every southern state has arisen an indignant protest against this appointment. From every southern state has arisen an indignant protest against this apparent breaking down of the color line, and it is openly affirmed by many who had previously approved the president's policy that he had wantonly insulted the social ideas of the south upon one of its most delicate and sensitive points. In the capital, however, there is a marked difference in the viewpoint from that at first expressed. The southern politicians, who in the first flush of their indignation were open in their denunciation of the act, seem ready to allow the incident to pass without further comment on their part. It was a noticeable fact that at least five southern Democratic representatives who

noticeable fact that at least five south-ern Democratic representatives who criticised the president most harshly turned up at the White House today and smilingly presented their claims to federal jobs in behalf of Democratic constituents. Not one of them said a word to the president about Washing-ton's visit to the White House. Senator Balley of Texas, who is not known to have joined in the criticism of the president's course in having a of the president's course in having a colored man as a guest at his table and who so far as appearance go was not concerned about President Roosevelt's personal affairs, spent 15 minutes with the president and was rewarded by a promise that Major Luther R. Hare will be promoted to a brigadier generalship for the part he played in rescuing Lieut. Gilmore and his party in the Philip-

sident Roosevelt will pay no at

President Roosevelt will pay no attention to the criticism of southern newspapers. Neither will he offer any explanation of his course to any southern member of congress. One of the president's friends said that the president cannot understand why southern men should feel aggrieved because he invited Mr. Washington to dinner, inasmuch as Washington came to the national capital as the political agent of Alabama Democrats, who desired him to use his influence to secure certain federal appointments.

The president found it impossible to talk to Washington in his office and following the course he had pursued in dealing with all other visitors whom he desired to confer with, he invited Mr. Washington to dinner.

The president does not draw the color line when colored men of education and good mental attainments are concerned. While he was governor of New York he entertained the colored half back. Farish, of the Yale football team at his home in Oyster Bay. On another occasion at Albany he furnished lodgings at the executive mansion to a colored baritone singer named Brigham, who was connected with the choir of St. George's church, New York. Brigham found it impossible to obtain lodgings in Albany and the governor, hearing of his predicament, took him in for the night. President Cleveland once invited Fred Douglas to a White House reception.

FILIPINOS EXECUTED.

101 of Them Subjected to Death Penalty by American Courts.

Washington, Oct. 21.-Gen. George B Davis, judge advocate general of the army, has submitted to the secretary of war his annual report for the year ended June 30, 1901. It shows that during the year there were 6,065 trials by general court martial, being 600 less than during the preceding year. Of these 16 were trials of commissioned officers, of whom 10 were convicted. Of the enlisted men tried 4,806 were regulars and 1,167 were volunteers. The report says that the number of men sentenced to dishonorable discharge in the regular army was 1,895, and in the volunteer army 333, making a total of 2,228. Death sentences were imposed by court martial in six cases of enlisted men, four of the cases being on conviction of murder and two on conviction of desertion. The death sentences, except in one case of murder, were commuted by the president to dishonorarmy, has submitted to the secretar;

except in one case of murder, were commuted by the president to dishonorable discharge, forfeiture of all pay and allowances, and imprisonment at hard labor for life in three cases, for seven years in one case and for five years in another case.

The records of military commissions during the year show that 980 persons were tried, of which number 729 were convicted and 202 acquitted. The sentences in 49 cases were disapproved. Murder leads in the number of charges before these commissions, numbering 317. Violation of the laws and usages of war follows, with 157 cases, while the charge of robbery comes next with 106 cases.

General Davis says that death sentences were imposed by military commissions in about 242 cases, nearly all natives of the Philippine islands, on conviction of more serious crimes, and the sentences were executed in about 101 cases. In most of the remaining cases the sentences were commuted to imprisonment for terms varying from fifteen years to life imprisonment, while in a few instances the sentences were commuted to imprisonment for from five to ten years, and in a few other cases the sentences were disapproved or set aside.

WILL TAKE LONG REST. Ambassador Choate Expects to Remain Till New Year's.

main Till New Year's.

New York, Oct. 19.—Mr. Choate was met at the steamship pier on his arrival by his law partner, A. W. Evarts, and for a few minutes they walked up and down the pier talking. After the ambassador's baggage had been passed by the customs officials the party hastened away from the pier. Mr. Choate was unwilling to discuss the reasons for his return home, or to talk about the isthmian canal treaty. He said:

"I cannot talk about this matter, nor would it be right for me to discuss possible treaties or the canal question. I have had a most delightful trip across and have enjoyed myself very much. I shall remain here until New Year's, and of course shall go to Washington for a few days."

A number of other questions regarding England's attitude on the canal question were asked the ambassador, but to all of them he smilingly gave the same reply—that he would not discuss his affairs.

Mr. Evarts, who left the pier after the ambassador's family had driven away, said that the ambassador had gone to catch an early train for his summer home at Stockbridge, Mass.
